Are you a member of NASBA? Yes ( ) No ( )

If the company identified above ("System Builder") is approved by Kaspersky to be a part of the Kaspersky System Builder Program, System Builder acknowledges and agrees to be bound by the following terms and conditions: The Kaspersky products provided as part of the Kaspersky System Builder Program ("Kaspersky System Builder Products") may only be obtained by System Builder from a Kaspersky authorized distributor. The Kaspersky System Builder Products may only be marketed, distributed and sold as part of an entire computer system. Without limitation, Kaspersky System Builder Products may not be advertised or sold on a stand-alone basis, and the license fee for such products must be included in the price of the entire computer system, and must not be separately discernable by the customer. System Builder's distribution or sale of the Kaspersky System Builder Products in violation of the foregoing restrictions will constitute infringement of Kaspersky's valuable intellectual property rights. In addition to and without prejudice to such other rights as Kaspersky may have under contract, at law or in equity, if System Builder does not comply with any of the System Builder Program requirements, Kaspersky in its sole discretion may remove System Builder from the System Builder Program and terminate its right to purchase and resell System Builder Products. In addition, System Builder acknowledges that in the event of any threatened or actual breach by System Builder of any of the foregoing restrictions, Kaspersky will suffer immediate and irreparable injury not fully compensable by monetary damages and for which Kaspersky may not have an adequate remedy at law. Accordingly, System Builder agrees that if Kaspersky institutes an action or proceeding to enforce any of the foregoing restrictions, Kaspersky will be entitled to obtain injunctive or other equitable relief as may be necessary or appropriate to enjoin, prevent or curtail any such breach or threatened breach, without the posting of any bond or security. The foregoing will be in addition to and without prejudice to such other rights as Kaspersky may have under contract, at law or in equity. The individual signing below represents and warrants that he or she is authorized by System Builder to enter into agreements on its behalf and to bind System Builder to the foregoing terms and conditions.

## Kaspersky System Builder Program

Community. Collaboration. Commitment.

### Premium Protection Where Business Happens

It's not just about anti-virus protection anymore. SQL injection. Drive-by downloads. Social engineering. Root kits. Malware. Rogueware. Protect your clients systems from the evolving threatscape, no matter where their business happens.

Today, protection against malware is essential when purchasing hardware. Kaspersky Labs new System Builder program allows you to differentiate and add value to your hardware solution by offering award winning, premium protection no matter where your clients business happens - protection at the office, on the road, at home and on their Smartphone.

The Kaspersky System Builder Program features award winning, premium protection for your customers' endpoint. Kaspersky System Builder products come packaged in convenient, competitively priced packages of 3, 30 and 100 pack CDs. Kaspersky System Builder products must be bundled with a computer system and cannot be sold or advertised separately.

Experience why more than 250 million users worldwide choose Kaspersky Lab.
