

LaCie 5big Series

The LaCie 5big series offers a variety of networking solutions, featuring up to 10TB of capacity. In addition to their high performance, the 5big series of drives also offer eco-friendly features. Its casing is made from fully recyclable aluminum and it has an ultra-quiet Noctua fan, allowing you to place the product wherever you choose – including on a desktop. Additionally, with 1-disk solutions you can scale your storage to fit your needs and expand the unit as you go.

LaCie 5big Network 2

The LaCie 5big Network 2 is ideal for easily storing, sharing, securing, and backing up your office's files—up to 10TB of storage in one device. Two Ethernet ports can support link aggregation for twice the performance of a single Gigabit Ethernet connection. The 5big Network 2 is the right solution for IT environments looking for large capacity and high transfer rates.

Item #	301511U	301525U
Capacity	5TB	10TB
Interface	Gigabit Ethernet 10/100/1000 Base-TX	

LaCie 5big Storage Server

The 5big Storage Server is a professional desktop file-sharing server for SMB environments. It is designed to manage demanding file-sharing activities for 25 to 100 PC, Mac®, or Linux workstations, even though it can manage more. The 5big Storage Server also offers Active Directory support.

Item #	301539	301532	301533
Capacity	1TB 1-disk	5TB	10TB
Interface	2 x Gigabit Ethernet 10/100/1000 Base-TX		

LaCie 5big Backup Server

Delivering seamless, full-featured backup for up to 10 PCs and 25 Macs, the 5big Backup Server is designed for small businesses requiring a high-performance backup strategy that doesn't require an IT professional to deploy. Setup is as easy as connecting the 5big Backup Server to your LAN and configuring backup.

Item #	301538	301530	301531
Capacity	1TB 1-disk	5TB	10TB
Interface	Gigabit Ethernet 10/100/1000 Base-TX		

LaCie 2big Network 2

Designed to manage your small office network easily, the LaCie 2big Network 2 acts as a full-featured file server. You can use your 2big Network 2 as a print server or expand its capacity by connecting external hard drives into the USB and eSATA ports. The new widget-based dynamic web interface makes administration easy and secure. Thanks to its DHCP and Apipa support, network configuration is fast and automatic. It integrates easily with existing Windows® domains using Active Directory and it allows user, groups, share, and quota management.

Item #	301507U	301508U	301509U
Capacity	2TB	3TB	4TB
Interface	Gigabit Ethernet 10/100/1000 Base-TX, USB 2.0		

LaCie d2 Network 2

The LaCie d2 Network 2 offers professional, reliable, central storage for instantly storing, sharing, and backing up from any PC or Mac on your network. Manage your home or small office network easily with this full-featured file server, recommended for networks with up to 200 users. With the d2 Network 2's new widget-based dynamic web interface, administration is easy, convenient, and secure.

Item #	301504	301506
Capacity	1TB	2TB
Interface	Gigabit Ethernet 10/100/1000 Base-TX, USB 2.0	

LaCie Wireless Space

The Wireless Space takes network-attached storage to the next level by implementing Wi-Fi technology, making it easy for you to access your files, no matter where they are in your house. It has three pre-configured modes that allow you to create a Wi-Fi access point, a Wi-Fi Ethernet extender to connect your printers or computers, or even use it as a Gigabit router.

Item #	301932	301940
Capacity	1 TB	2 TB
Interface	Gigabit Ethernet 10/100/1000Mbps Wi-Fi B/G/N	

LaCie Network Space 2

With the LaCie Network Space 2, you can easily store files from all over your home. Connect the Network Space 2 through the Ethernet port to a computer or to a router, and share and store all of your media files from anywhere in your house, with fast read and write speeds. You can even back up multiple computers to ensure that your files are safe.

Item #	301515KUA	301516KUA
Capacity	1TB	2TB
Interface	Gigabit Ethernet 10/100/1000Mbps, USB 2.0	

These products come with a 2-year warranty except where noted. LaCie's Advance Care Option may be purchased with products that come with a 3-year limited warranty. 1TB (Terabyte) = 1000GB. 1GB (Gigabyte) = 1,000,000,000 bytes. Total accessible capacity varies depending upon operating environment (typically 5-10% less for hard disks and 10-15% less for network storage).

▼ Cannot be combined with any other Wuala offer. Full terms and conditions available at www.wuala.com/lacie.

LaCie Ethernet Disk

The LaCie Ethernet Disk offers a perfect shared hard drive solution for growing companies. When the maximum native capacity of the Ethernet Disk is reached, use the USB 2.0 ports to extend capacity or back up to external USB drives. Designed by Neil Poulton, the LaCie Ethernet Disk is powered by field-proven Windows XP, making it the best choice for file-serving or backup.

Item #	301298U	301300U	301496U
Capacity	2TB	4TB	8TB
Expansion Ports	4 x USB 2.0 ports; 1 x VGA; 1 x mouse port; 1 x keyboard port		
Interface	Gigabit Ethernet 10/100/1000Mbps		
Software	LaCie Network Assistant		

LaCie 4big Quadra

The LaCie 4big Quadra is the most complete 4-bay RAID solution for small servers, creative pro workstations, or offices that need large storage/backup capacity, superior speed, and advanced security. Offering capacities up to 12TB, the 4big features seven RAID modes, including RAID 0 and RAID 5—which is highlighted by a versatile hot-swappable feature—to customize its performance and data protection level. With burst transfer rates reaching up to 200-230MB/s through eSATA 3Gb/s, the 4big fits perfectly with most applications that demand high speed, such as photo, pre-press, AV projects, and even HD post-production.

Item #	301359U	301435U	301562U
Capacity	4TB	8TB	12TB
Interface	eSATA 3Gb/s, FW400 and 800, USB 2.0		

LaCie 2big USB 3.0

Developed for professionals looking for high storage capacity and performance, the LaCie 2big USB 3.0 is the first RAID storage solution to feature the new SuperSpeed USB 3.0 interface, and supports multiple uncompressed HD streams. With three RAID modes for flexibility, you can choose "Fast" (RAID 0) for full performance and get speeds of up to 190MB/s, "Safe" (RAID 1) for full data protection, or JBOD for full capacity. With its 7200 rpm drives and compatibility with USB 2.0, the LaCie 2big USB 3.0 is the most complete USB 3.0 storage device. It's even Time Machine® compatible.

Item #	301534*	301535*	301553*
Capacity	2TB	4TB	6TB
Interface	USB 3.0 (USB 2.0-compatible)		

* Bundle includes PCI Express Card for USB 3.0 compatibility.

LaCie 2big Quadra

The LaCie 2big Quadra is the most complete 2-disk RAID solution for digital libraries, creative pro and office workstations that need storage/backup capacity, speed, and advanced data protection. It's easy to use, and comes with two extractable, lockable, and hot-swappable disks in RAID 1 mode. With fast burst transfer rates in RAID 0, the 2big Quadra is ideal for high speed-demanding applications like audio/video projects (DV and SD video playback or 2D/3D imaging).

Item #	301352U	301432U	301561U
Capacity	2TB	4TB	6TB
Interface	eSATA 3Gb/s, FW400 and 800, USB 2.0		

LaCie Little Big Disk Quadra

The Little Big Disk Quadra is faster and more compact than most desktop hard disks, but it's small, lightweight, and offers up to 1TB of capacity. With built-in RAID 0 and four interfaces, it offers cross-platform compatibility with any PC or Mac and unrivaled burst transfer rates. Designed by Neil Poulton for LaCie, it has a unique, sturdy, all-aluminum heat sink body that dissipates heat without a fan for silent operation and superior reliability.

Item #	301398
Capacity	1TB (7200rpm)
Interface	eSATA 3Gb/s, FW400 and 800, USB 2.0

LaCie d2 Quadra Hard Disk and d2 USB 3.0

The LaCie d2 Hard Disk offers universal connectivity for PC and Mac users. Its unique fanless aluminum heat sink design provides efficient and ultra-quiet heat dissipation. Easily back up your computer or store and share your files, videos, songs, and photos.

LaCie's Secure Online Storage

If you've ever needed access to your files on the road, wanted to instantly share photos or music with family and friends, or needed secure storage that you can trust, Wuala is the online storage and backup solution that you've been waiting for. By harnessing idle resources on your computer, Wuala can store files redundantly in its growing grid network. All data is encrypted and stored in different locations. Your files are encrypted on your computer, letting you define who has access to your folders. Since your password never leaves your computer, no one—including Wuala—can see your private files.

It's easy to use, and best of all, it's included in a variety of LaCie products! Get 1GB of online storage upon signup, and when you need more, you can either purchase it, or trade local disk space.

Find out more at www.wuala.com

LaCie's Advance Care Option may be purchased with products that come with a 3-year limited warranty. All monitors come with a 3-year advance replacement warranty. 1TB (Terabyte) = 1000GB. 1GB (Gigabyte) = 1,000,000,000 bytes. Total accessible capacity varies depending upon operating environment (typically 5-10% less for hard disks and 10-15% less for network storage). Cannot be combined with any other Wuala offer.
