

### Windows 7, Vista, Server 2003, XP, XP 64 bit, and 2000 Compatibility

USRobotics devotes significant time and effort to assure our products are compatible with various Microsoft operating systems. USRobotics supports, or will support in the near future, Windows 7, Vista and Vista 64-bit in all our currently shipping products. Use the table below to check the status of 7 and Vista, and other Windows Operating System support.

Windows Server 2008 Compatibility for [Windows Server 2008 & 2011](#) is provided separately. Click on the link to view compatible products.

●	Product will install using operating system's built in driver. Compatibility does not include additional software bundled with the product.
●	Product will install using files (drivers) available for download from the USRobotics website or CD. Click on the Product Code to go to the support page to download.
●	Product does not depend on operating system to function.
⊗	Product currently is not supported, may be pending qualification, or has been discontinued.
